

# Apprentice and Trainee opportunities

We're looking for enthusiastic individuals eager to learn new skills and get paid while earning a nationally recognised qualification.

For 2025, we are offering 12 Apprenticeship and Traineeship programs to help you kick-start your career in:

- Civil Construction
- Project Management
- Business
- Finance
- Metal Fabrication
- Fitter
- Electrical
- Plant Mechanic
- Bridge Construction and Maintenance
- Painting and Decorating
- Heavy Diesel Mechanical
- Operational Management Systems

You too can be part of working with some iconic projects that make a difference to your community. Let's shape the future of transport across NSW together.

### Applications are now open

To apply for one of our programs across NSW, please check out the current job opportunities by scanning the QR code below.
