Dear Chris

**RE: CONGRATULATIONS TO THE HOSPITALITY STUDENTS**

I wanted to pass on my congratulations to the students and staff for the fantastic restaurant night hosted by the hospitality students in the PBC Trade Training Centre. Both Jane and I were impressed with the high level of service, presentation and food quality that the students delivered on the evening.

The food was fantastic. It lived up to how it was described on the well-designed menu, was flavoursome, well portioned and consistently presented. It is credit to the students, well supported by teaching team.

The service team were attentive, friendly and professional. They understood the menu and were able to place the meals down according to who ordered them rather than 'auctioning' off the meals on arrival at the table.

Overall, the PBC Restaurant Night was a great success and I congratulate the students, teachers and staff on putting on a fantastic evening enjoyed by all.

Both Jane and I look forward to enjoying future events hosted by the hospitality students as they refine their skills before entering into the Hospitality or Tourism industries. Thank you again.

Yours sincerely,

Michael Kelly  
General Manager  
Curumbin Wildlife Sanctuary
