

**Do you want to work in a team who make steel products for the construction industry?**

Neumann Steel at Currumbin are recruiting for Manufacturing Assistants (think Process Workers) with support from the Department of Employment, Small Business and Training funded programs.

## **Employment**

**10 x full-time Manufacturing Assistants (Process Workers)**

**2 x school hour's plastic packaging roles**

**2 x Store Persons in customer service centre**

**All skilled & unskilled (learning) roles**

**14 jobs across three different Manufacturing Assistant & Store person Roles to consider:**

- 1. Manufacturing Assistant x 10:** Assembly Worker who undertakes the same tasks on automated metal bar straightening and welding machines – assist with loading & unloading machines, learn to use bar bending machines, using basic power tools.
- 2. Store person x 2:** Assisting customers identifying and finding products in the customer service centre, packing, unpacking, loading & unloading trucks and other shop & warehousing duties.
- 3. Factory Hands x 2:** assist with packing plastic parts made by an automated fabrication machine, label and pack onto wooden pallets. Light work and during school hours

**Applicants must be able to get to Currumbin without relying on public transport.**

**If interested, please Email your current resume & contact details** by 5pm on the 23<sup>rd</sup> July to [michelle.bissett@etcltd.com.au](mailto:michelle.bissett@etcltd.com.au) and put Neumann in the email subject line
