

# KICK START YOUR CAREER TODAY

AND EARN WHILE YOU LEARN

ENGINEERING THE UNFAIR ADVANTAGE

## Who are we:

PWR are global leaders in advanced cooling technologies who provide bespoke thermal solutions to all forms of motorsport, automotive, electric, aerospace and defence markets with locations in Australia, USA & Europe. Our customers require the best in design, manufacturing, quality and over all service. We continue to deliver with increased investment in skilled staff and the latest technology. We have a long history in producing some of the most highly skilled tradespeople in the industry and due to rapid growth we have multiple full-time career opportunities.

## The Opportunity:

We are currently looking for multiple positions for Manufacturing Production Assistant based here, at our purpose-built facility, Ormeau. In this role you will learn a range of skills before being given the opportunity to pursue a trade.

## About you:

Whether you are a school leaver or seeking a career change we have opportunities for driven individuals who bring a can-do attitude and are looking to kick start a career path. No experience needed, full on the job training provided.

## What We Can Offer:

- Multiple full-time career opportunities
- Fully funded apprenticeships
- Long term career path within a growing global business
- On-site training and support
- Uniforms provided
