

S&A Stairs

S&A have been crafting stairs for Australian families for over 100 years. In that time, we have become synonymous with consistency, quality and style.

Throughout the last century, our stairs have helped to shape many of Australia's greatest architectural homes and suburbs. Our projects strive for progression and innovation, in a process that finds a balance between design, craft, and ever evolving technology.

Founded on principles of trust and integrity, we hold long standing relationships with many of Australia's largest and well respected builders and architects. Ten of these partnerships have surpassed 50 years.

As a fourth generation family business, we encourage our staff (180 across Victoria, New South Wales, Queensland and South Australia) to grow and progress over their career. Today, we count more than 30 staff with more than 20 years of service.

We are grounded by design and quality principles - not pinned down by trends and fads. Each S&A project is carefully planned from the design phase, so that the end product reflects the needs of the consumer, and finds a balance between elements of design and construction.

Join Our Family

Our Queensland branch, based in Molendinar, is always on the look out for talented, passionate timber workers, who are interested in the following careers:

- Apprenticeships - Joinery & Timber Composites / Wood Machining
- Factory-based Tradespeople / Labourers
- Qualified Staircase Installers

Our staff learn the incredible skills of crafting our custom and traditional stairs, handrails and balustrades, learning from the best in the business and gaining important skills for life.

If you need any further information about our apprenticeships or job vacancies, please contact us via:

hr@sastairs.com.au

Join our family and love what you do.
Your new career stars here.
