Palm Beach Currumbin High School Leo Club

Dear Mr Hanna,

I thought it appropriate that I advise you formally of the Leo Club's recent success within the Lions organization.

At the Q1 District Convention in Stanthorpe on 10th October, the club was awarded Leo Club of the year for the third consecutive year. To put this in context, there are over thirty Leo clubs in the district, and our club has been in existence for less than five years.

Lion Bill Freeman, a PBC Lions Club member for 58 years, accepted the award on the Leos behalf and subsequently presented the shield to Leo President Tamika Driscoll. Incidentally, he also presented Leos Jenna Harris and Bethany Clark with Lions International Awards for their contribution to community service.

I am particularly impressed with the contribution the Leos make to the local community and beyond and their success reflects the efforts of parents, Palm Beach Currumbin High School staff and the supervising Lions and Lioness. Looking forward to continuing success,

Yours faithfully

(John Vanzino)
