GET MORE OUT OF HIGH SCHOOL WITH OUR TAFE AT SCHOOL PROGRAM

If you're a year 10*, 11 or 12 student you can complete a TAFE Queensland qualification while you're still at school.

Choose from a variety of certificate I to certificate III courses with study areas ranging from hospitality to engineering, and everything in between.

HOW TO APPLY

To submit an application for a TAFE at School Program, visit **www.tafeapply.com**.

You'll need the application code for the TAFE that you wish to apply for. The code for TAFE Queensland Gold Coast Region is TQGC1901. To apply, you will also need your Unique Student Identifier (USI) number. If you don't have one yet, head to **www.usi.gov.au** to create one.

TAFE AT SCHOOL STUDY OPTIONS

GET STARTED AT TAFE QUEENSLAND

TAFE Queensland is the largest and most experienced provider of vocational education and training in the state. It's a big statement, but one that's backed by research and confirms our impressive track record. We've been in the business of training for more than 130 years and have trained more than seven million people. At last count, we had more students than all the Queensland universities combined.

TAFE Queensland's award-winning teachers, purpose-built facilities and strong industry partnerships will help you get the real-world skills that you need to achieve your future career or study goals. We have more than 400 practical, nationally-recognised qualifications for you to choose from, and hundreds of university pathways to take you even further.

GET A HEAD START WITH A TAFE AT SCHOOL COURSE

Most year 11 and 12 students are eligible to participate in a TAFE at School program. You can choose to study from a range of exciting and varied certificate level vocational education and training (VET) courses. Best of all, a TAFE at School certificate can be achieved in conjunction with your senior studies and counts towards your Queensland Certificate of Education (QCE).

TAFE AT SCHOOL IS A GREAT WAY TO:

- Get a qualification while still at school
- Gain direct entry into our diploma courses
- Gain valuable credits towards your QCE
- Gain credits towards an apprenticeship, diploma course or university studies
- Make you work ready
- Build practical skills in an adult learning environment
- Learn from professionals, bursting with current industry knowledge.

Enrolment is subject to eligibility requirements. Please visit our website or contact our TAFE at School team for details.

INDUSTRY EXPERIENCE

Some TAFE at School programs require students to undertake work placements, or in some instances to work in the industry. This gives students the opportunity to build their skills and confidence dealing with real-life situations. Work placement requirements should be discussed with your teacher prior to commencement.

FLEXIBLE STUDY OPTIONS

TAFE Queensland offers flexible study options so you can gain a vocational qualification while you're still at school in a way that best suits you.

TRAIN AT TAFE QUEENSLAND

TAFE Queensland offers some of the best training facilities in the state, with advanced, industry-relevant workspaces and classrooms. All training is delivered in an adult learning environment so you'll get a taste of what it's like to study in a higher education setting. You'll learn from our highly-qualified teachers and benefit from their vast experience.

TRAIN AT SCHOOL

Many Queensland schools have partnered with TAFE Queensland to deliver vocational qualifications. School teachers are given specific training so they are qualified to deliver TAFE Queensland courses. Even if you undertake your training at school, you will still receive a TAFE Queensland certificate when you complete your course.

SCHOOL-BASED APPRENTICESHIP OR TRAINEESHIP

TAFE Queensland offers both school-based apprenticeships and traineeships, which get you work-ready and a step ahead of your peers.

Becoming a school-based apprentice or trainee gives you skills in a vocation or trade and allows you to earn money while you're still at school. A school-based apprenticeship or traineeship also contributes credits towards your Queensland Certificate of Education (QCE).

Apprentices are trained in a skilled trade, such as plumbing or electrical, and upon successful completion will become a qualified tradesperson. Trainees are trained in a vocational area, such as early childhood or business, but the training does not deliver a tradesperson qualification.

After selecting the industry you are interested in and talking with your school and parents, your next step is to secure employment as an apprentice or trainee. An employer can be found through family and friends, by directly contacting employers and group training organisations, or by applying for advertised jobs.

Once you have secured an apprenticeship or traineeship, just let your employer know you want to study with us.

School-based apprentices and trainees do not pay fees for training at TAFE Queensland; however you may need to pay some costs for tools and compulsory protective equipment, which we will outline upon enrolment. When you become a full-time apprentice or trainee after completing year 12, you may be eligible for fee-free training for the remainder of your apprenticeship.

For more information about school-based apprenticeships or traineeships call 1800 210 210 or visit www.training.qld.gov.au/apprenticeshipsinfo.

WHAT DOES IT COST?

Costs vary course to course. Please check our website for the most up-to-date prices. A range of TAFE at School courses are fee-free for eligible students, covered under VET in Schools (VETiS) funding. The courses advertised as VETiS funded in this guide are only applicable if you have not accessed VETiS funding in the past. For further information, please refer to the VETiS section of training.qld.gov.au.

Eligible students are entitled to one VETiS funded program only.

PAYMENT OPTIONS

Payment plans may be available to assist students with payment of their course, however, students under 18 will need a guarantor. Applications will be subject to credit checks.

For information about our withdrawal and refund policy, please visit the TAFE Queensland website.

STUDENT SUPPORT

At TAFE Queensland we aim to create a supportive and inclusive learning environment to help you achieve your study goals. Your school's student assistance program is responsible for ensuring you receive appropriate levels of support while you are participating in the TAFE environment.

PATHWAY TO YOUR FUTURE

THERE ARE PLENTY OF WAYS TO LAND YOUR DREAM CAREER, SO WHY NOT GIVE YOURSELF A HEAD-START AND FAST-TRACK YOUR STUDIES IN THE PROCESS?

When you study a TAFE at School course, you are taking the first step on your path to higher education.

Once you complete your TAFE at School certificate, you are guaranteed a place in any of TAFE Queensland's diploma courses. When you complete your diploma, our partnerships with local universities can help you guarantee a place in a bachelor degree.

THE NEXT STEP

BECOME AN APPRENTICE OR TRAINEE

Our trades courses offer the perfect way for you to get the skills you need to secure an apprenticeship or traineeship in your dream career.

Applying for an apprenticeship is very similar to applying for any other job. You need to have a current resume that lists your education, interests and referees.

Visit an Apprenticeship Network Provider (ANP) to help connect you with an employer.

Studying a TAFE at School pre-apprenticeship can boost your chances of landing your dream job.

Once you have secured your apprenticeship, talk to your employer about choosing TAFE Queensland as your training provider. Your employer will sort out the formalities of your training contract direct with TAFE Queensland.

ENROL IN A TAFE QUEENSLAND CERTIFICATE OR DIPLOMA

When you complete your TAFE at School qualification, you can continue your study in a TAFE Queensland diploma of your choice.

It's as simple as getting in contact with us and letting us know which course you want to study.

Check out our website to see our full range of courses, from certificates through to diplomas and degrees.

GO TO UNIVERSITY

When you complete your diploma, our partnerships with local universities can help you guarantee a place in a bachelor degree. It's a seamless study experience that offers you the chance to do uni differently.

In many cases, you can enter your university degree straight into second year, meaning you will receive a diploma and a degree in the same amount of time it usually takes to complete a degree on its own.

Many of our diploma courses have formal articulation arrangements with some of Australia's top universities. This means your university gives you credit for your study at TAFE Queensland, shaving time off your degree.

OUR PARTNERSHIPS

PARTNERSHIP WITH SCHOOLS PROGRAM

TAFE Queensland's Partnership with Schools Program means school teachers can deliver training to their students at their own school. TAFE Queensland provides the school with mentor support, learning and assessment resources, and advice on training delivery and student assessment to ensure the delivery of the highest standard of industry-relevant training.

Even though students are completing their training at school, they are enrolled with TAFE Queensland and are issued with a TAFE Queensland award on completion of their studies.

To discuss a customised partnership arrangement for your school, please contact the TAFE at School team.

TRAINING FOR SCHOOL TEACHERS

TAFE Queensland offers low-cost training for school teachers so they can deliver VET programs at their school.

Teachers can train in certificate I and II programs relevant to the delivery of TAFE at School programs, as well as higher level qualifications for teachers who want to broaden their skills.

Teachers with existing trade-related experience may be eligible for Recognition of Prior Learning (RPL) to earn a full or partial qualification, with gap training available.

PRACTICAL EXPERIENCE

SHB50115 Diploma of Beauty Therapy student Brianna is grateful for making the decision to start her career pathway when she enrolled in the TAFE at School program when she was in Year 10.

“This experience allowed me to learn the basic knowledge and gave me an understanding in the life of a beautician. After I graduated from school I knew what I wanted to do. I was confident and had the assurance of being a step ahead of the other students who hadn’t done a TAFE at School program.”

“I was more prepared, organised and knew what to expect from my teachers and I’d completed a few of the relevant diploma units, giving me a credit in the next phase of my studying goals. It also reassured my parents in what I want to do with my life.”

Increase your prospects for a career in the plumbing industry by developing your skills with this pre-apprenticeship. With a strong focus on safe plumbing practices, you will learn how to operate hand and power tools, read plans and perform basic welding and plumbing installation techniques. A General Safety Induction (White Card) is delivered in this course, which is an industry requirement to work on a Queensland construction site.

Work Experience is an integral part of the course, we recommend each student completes work experience as part of their course as an opportunity to develop a relationship within the industry.

Personal Protective Equipment. Students will need to purchase steel capped boots.

*No cost to student or school. Fully government subsidised for eligible students.

** Not including School Holidays.

***Offered at TAFE Queensland - Gold Coast Region.
