

A Day In The Life Of A Doctor

Competition for medical school admission at Australian universities is fierce. These institutions only accept the finest students.

So, how do you show you're a cut above your peers?

Designed for high-school and university students interested in medicine, this **Medicine Experience Day** is a unique opportunity to learn valuable medical and surgical skills, speak 1-1 with doctors and medical students, and put yourself on a path to a successful career as a doctor. The interactive session will cover:

- 1.** Career options in medicine
- 2.** Workshops (clinical skills, surgical skills, & case-based Learning)
- 3.** Tips and tricks for UMAT, GAMSAT and Multiple Mini Interview (MMI)
- 4.** Academic requirements for top universities and resources to help you meet them
- 5.** Life of a medical student (pre-clinical and clinical years) and doctor career experience opportunities
- 6.** Keynote Speaker - Dr Peter Yuide, General Surgeon at Queen Elizabeth II Jubilee Hospital.
